Package 'alabaster.schemas'

Title Schemas for the Alabaster Framework

Version 1.13.0

Date 2023-11-09

License MIT + file LICENSE

Description Stores all schemas required by various alabaster.* packages.
No computation should be performed by this package, as that is handled by alabaster.base.
We use a separate package instead of storing the schemas in alabaster.base itself,
to avoid conflating management of the schemas with code maintenence.
